FOR THIS!

WE'RE STAYING IN THE PLACE YOU LOVE... ...WE'VE MADE IT BETTER...

It's not fancy, it's not glamorous—but it has a magic all its own. The dock, the seagulls, the gritty industrial setting, the incredible history we have here—they're all part of Long Wharf Theatre's DNA.

You've told us how much you love it here—the easy access from the highway, the plentiful free parking, and the memories of so many special moments and great performances in our theatre over the years.

So we're staying right here, in the only home we've ever known, for the foreseeable future.

Now that we're staying, we've made some improvements for your comfort, so that nothing detracts from your enjoyment of what's happening on stage.

Here's what we did:

- New heating/air-conditioning so you won't shiver in July and sweat in January
- Improved, expanded restrooms so you have time to use the restroom AND get a drink at the bar
- More attractive and spacious lobby so you can move around easily and enjoy refreshments, conversation, and new lobby displays...
